

Eastbrook School GCSE Controlled Assessment Policy

Principles

Eastbrook School's policy for controlled assessment is in line with the requirements of the JCQ. The policy is in place in order to maintain our consistency of practice, accuracy and fairness for all subjects and all teachers and to enable teachers to authenticate and confirm that students have carried out the assessment tasks set in accordance with awarding body specifications.

Depending on subject and specification, controlled assessment might be:

1. **High control** – the exam board sets the task to be completed and the school chooses one of these tasks at the set time and under the exam board's specified conditions
2. **Medium control** – the subject may choose from a selection of assignments produced by the exam board or design its own and sets the time and date for preparation activities and the controlled assessment specific activity
3. **Limited control** – the school designs its own assignments against set criteria and sets the time and date for preparation activities and the controlled assessment specific activity

November 2015

This is the cover sheet which should be maintained by pupils for all CA tasks. This cover sheet is a log of the date when a pupil has worked on CA and also notes the time spent each time. This pupil front cover sheet will match the secure storage log (see above), i.e. when HB signed out 10 pieces of ST02/H CA task for pupils to work on, the front cover sheet for only ten pupils will show the date 05/12/2015 and the remaining 13 copies in secure storage will not.

The pupil cover sheet and the secure storage log will be randomly inspected by SLT.
